Hotel Accommodations

Our long standing relationships with top hotels around the city, we arrange a stay where our clients feel special and pampered.

New York City hotels offer rooms from trendy to stately ambiance.

We provide all the details a traveler requires to comfortably acclimate to New York City.

Entry Requirements: International travelers from 27 countries may enter the U.S. without a visa through the Visa Waiver Program; however, you must have a machine-readable passport. Visitors from other countries must obtain a visa from an American embassy or consulate abroad. For more information, visit www.travel.state.gov/

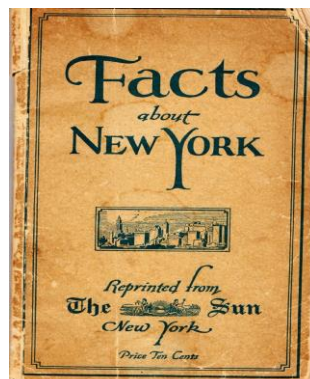

Time: New York follows U.S. Eastern Standard Time. (EST)

Money: The currency of New York is the U.S. dollar. For current conversion rates go to OANDA Currency Converter: www.oanda.com/convert/classic

Phone Calls: The main area code for Manhattan is 212; a second code, 646, was added in 1999. Area codes for the Bronx, Brooklyn, Queens, and Staten Island are 718 and 347. 917 is the standard cellular/page/voicemail phone area code for all city boroughs. For phone calls to New York from within the U.S., dial 1 + the local area code + seven-digit phone number. For phone calls to New York from outside the U.S., dial the international access code of the country from which you are calling, then + 1 + the local area code + seven-digit phone number.

When to Go: New York's a true four-season town. Summer can be hazy, hot—into the 90s°F (32-37°C)—and humid; fall sees a welcome cool-down, with average temperatures in the 50s and 60s°F (in the teens °C). Winter winds can make an average 35-41°F (1.6-5°C) day seem much colder; spring is a time of happy rebirth, with temperatures edging up into the 50s and 60s°F (10-20°C).

Getting There: Three major airports service New York City: JFK International Airport (about 15 miles [24 kilometers] from Midtown), LaGuardia Airport (about 9 miles [14 kilometers]), and Newark Liberty International Airport (about 16 miles [26 kilometers]).

BROOKLYN

Welcome to Brooklyn

Move over, Manhattan!

Separated from Manhattan by the East River and connected by the Brooklyn Bridge, one of the most beautiful bridges in the world, the borough of Brooklyn has quickly risen as a very hot destination. Being able to view the Manhattan skyline is arguably even more breathtaking than standing in it. So many amazing activities, accommodations, venues, shopping and restaurants are thriving here. The hustle & bustle of Manhattan gives way to a whole new world of trendier, innovative, experiences you can only see and do in this borough. So cross the river and explore Brooklyn!

Flights from John F. Kennedy International Airport (JFK),
Fiorello Laguardia Airport (LGA)
Newark International Airport (EWR)
Flight info: many flights available around the clock

Best Time to Visit: NYC is truly a year round destination. We are in the part of the country that has all 4 seasons. Each season brings a different experience often highlighted by holidays along with the weather.

Hot Experiences

North Brooklyn Farms

Reshaping unused land into public green spaces, people connect with nature and one another through agriculture. Providing a green space for the community, children can run around barefoot and produce is grown. Temporarily escape the stress of the urban environment without leaving the city. Private events highlight the transformative power of food and agriculture. The farm, framed by the NYC skyline, crafts a unique and singular experience.

Domino Park

The rebuilt area of the historic Domino Sugar Factory is a testament to the innovation going on in Brooklyn right now. Transforming the crumbling area into a massive six acre urban green open space, it has been built for a variety of uses, all while nodding to the site's industrial past. It includes an "Artifact Walk", with memorabilia from the Factory, a four tiered seating area for performances, a playground, food kiosks and an "urban beach"

Hotel Accommodations
